

***Welcome to Southern Bluff's website!***

***Southern Bluffs is a place I proudly call my home away from home. I get the pleasure of having a relationship with terrific kids, an incredible staff and wonderfully supportive families. Where else can you come to work and immediately find that satisfaction? This is a great place for children to grow.***

***Our school provides learning opportunities for Early Childhood students through fifth grade. Every child, regardless of age or ability, is welcomed. We pride ourselves in meeting the needs of all learners, even if that means we need to get pretty creative! Every staff member will commit to you an effort to help develop the heart, the soul, and the mind of your learners. We have a motto, "We Never Expect Less than Our Best" and we live that motto.***

***Teaching has its challenges. We choose to focus on the fun of learning. Take a quick look at all we are doing. We hope you find some things you like. If ever you'd like please contact me. I will proudly share my "home away from home***

***In Partnership,***

***Mary Lin Wershofen  
Principal***
